## **SAN JACINTO HISTORIC DISTRICT, CORRIDOR STANDARDS PLAN**

Knudson is currently working for the Economic Alliance, Houston Port Region, on the San Jacinto Texas Historic District Corridor Standards Plan.

This project, bringing together 26+ cluster sites to form a "Museum without Walls," is a comprehensive look at the Project Stars Initiative and how the historic Gulf Coast Region is connected.

Specific project tasks include:

- the development of a comprehensive stakeholder list,
- public involvement and stakeholder coordination,
- conducting public meetings,
- creating urban design standards,
- transportation planning, and
- hosting brainstorming workshops.
