## **MONT BELVIEU, COMPREHENSIVE PLAN**

Knudson assisted the City of Mont Belvieu in developing a comprehensive plan.

This followed from previous work by the firm in developing the basis for the comprehensive plan, including developing planning retreats for City Council.

Included were

- a major thoroughfare plan,
- open space plan,
- master utility plan, and
- plan for a new urban center.

Knudson previously redrafted the City's subdivision ordinance.
